## Access to program materials

The Humance learning platform is the weekly meeting place for participants. This is where they will find all the activities to be completed during the program.

To ensure a complete experience, please verify that they will be able to perform the following actions at their workstation:

- 1. Connect to the learning platform at <https://effet-a.humance.app/#/login>
- 2. Download PDF documents
- 3. Access videos and podcasts hosted on Vimeo, YouTube and Spotify

If your participants fail to complete any of these actions, we will invite them to contact your organization's IT teams and/or use a personal device.
